DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Objections

Claims 32, 37, 39, 44 and 46 are objected to because of the following informalities:

In claim 32, line 3, --of-- should be added before "conductive". In claim 37, line 2 and 6, "a." and "b." should be deleted; at line 7, --second-- should be added at the end of the line; and at line 8, "nonlinear elements" should be changed to --rectifiers--. In claim 39, line 1 and 3, "nonlinear elements" should be changed to --rectifiers--. In claim 44, line 3, "first-set address" should be changed to --first-set of conductive--; at line 3, --of-- should be added to the end of the line; and at line 4, "address" should be deleted. In claim 46, line 7, --second-- should be added before "pattern"; and at line 8, 10 and 11, "nonlinear elements" should be changed to --rectifiers--.

Appropriate correction is required.

Reissue Applications

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

A supplemental oath/declaration, containing a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant, is required.

Claims 4-13, 18-19, 21-24, 31-42, 44-46 and 51-71 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above.

Claim Rejections - 35 USC § 102

Claim 31 is also rejected under 35 U.S.C. 102(b) as being anticipated by Roberts et al. (US Pat 4,608,672 hereafter "Roberts"). See Figs. 1-3.

In claim 31, last two lines, the recitation "wherein the address circuitry comprises a first pattern of rectifiers directly connected to the first set of conductive lines" reads on address decoders 12, 16 and 18 with diodes (eg. diode 198 in Fig. 3) directly connected to word line 54.
